Re: Part A Submittals

Dear Sir:

As you will recall, on July 2, 1985, Safety-Kleen Corp. submitted various Part A applications for our facilities located in Region VII. At the time of that submission, we enclosed schedules which indicated that certain items of the Part A application were not yet complete and would be submitted at a later date. The purpose of this letter is to transmit as many of those missing items to you as we have at this time. There are still a few missing items and we will forward those as soon as they are complete.

Attached to this letter please find a schedule showing the items which we are submitting today to complete the previously filed applications.

Please attach these items to the appropriate Part A application in your file. If you have any questions concerning the items we have submitted today, please contact us at your earliest convenience.

Sincerely,

  
Burton E. Ericson  
Vice President  
General Counsel
